We welcomed our students to the new academic year 2022 – 2023 with sweets. First and foremost, our teachers were excited to be welcoming the children back to the class. We started the first day to set the goal for the students.

### EXTRA-CURRICULAR ACTIVITIES:

Extracurricular activities are a great way for children to learn about the world around them. It helps the children to develop their social skills and learn how to work in a team to achieve a shared goal. On June 20 Monday, all the Extracurricular activities such as Karate, Silambam, Bharatham, Yoga, Chess were started with the well experienced Masters.

#### Karate:

Karate is about discovering a path between Self-Protection and Self-Perfection”. Around 40 children are getting trained by the Master P. Krishnan.

#### Silambam:

Silambam or Silambattam is a weapon-based traditionally practised Indian martial art from Tamil Nadu. It derives from the Tamil word silam meaning “hill” and perambu from which the English “bamboo” originates. Silambam refers to the sound derived from swinging of the perambu a particular type of bamboo from the Kurinji hills in southern Indian sub-continent. Thus Silambam was named after its primary weapon, the perambu. The related term

Silambattam often refers specifically to stick-fighting.” Around 40 Children are getting trained by the Master A. Paneer.

#### Bharatham

Bharatha nattiyam is a classical dance from Tamilnadu. It is a blend of expressions, melody and rhythm. This year we have given the opportunity to the children to learn bharatham, around 30 children are learning from the Master M. Devayani.

#### Chess:

Chess teaches patience, critical thinking, problem solving, and reasoning. It teaches students to not only see the turn but to see around the turn. Many children are getting trained by Master K.Napolean

### ENGLISH COMMUNICATIVE SKILL

We focus on campus language English. By this, we make our students to explore the world with confidence, resolve issues, fluently speak as mother tongue and increase Brainpower.

A variety of aspects are important in the context of this Communicative skills, such as listening, speaking, observing and empathy. Focussing more on this, we have the partnership with Incline Company which takes care of SPOKEN ENGLISH. The staff deputed for this is Mrs. Monisha.

## Yoga:

Yoga helps students inculcate strength, endurance, confidence and a great mind-body-soul connection. The confidence thus attained through yoga is then carried into the real world and makes the student strong, compassionate and acceptable. Our students are trained by Master S. Kanaga.

## INTERNATIONAL YOGA DAY 2022

The INTERNATIONAL DAY OF YOGA is celebrated on June 21 every year since 2014. The word Yoga is derived from Sanskrit and means to join or to unite, symbolizing the union of body and consciousness.

The theme of international yoga day 2022 was “YOGA FOR HUMANITY” Yoga is an ancient Indian practice that is mentioned in our Hindu Scriptures like RIGVEDA, UPANISHADS and YOGA SUTRAS of patanjali which was developed ages ago for the mental and physical wellbeing of the human body.

Even though it is an age-old practice it is still relevant, it has gained more popularity in recent years even in the western world and today people are in need of such a practice that will help them lead a life in peace and a stress free manner. Yoga will not only help you keep fit but also help you lead a better and healthy life. We celebrated with our students by performing yoga.
