AUGUST 2022

Issue : 3

MENTOR'S MESSAGE

A warm greetings to all, my dear students, teachers and parents. The best teacher is the one who suggests rather than dogmatizes and inspires his listener with the wish to teach himself. The task of the excellent teacher is to stimulate people to unusual effort. The tough problem is not identifying winners but it is in create winners out of their ordinary skill.

On 15th August 2022, we celebrated 76th Independence Day by conducting various competitions with the cultural programs and the winners were awarded.

Sports teaches us to develop and helps us learn things such as resilience, leadership, accountability, respect, patience, tenacity, team work, discipline, mental endurance etc., In order to develop the above qualities in students we celebrate Annual sports meet every year. Likewise this year, we celebrated Annual sports meet in our school on 20th August 2022.

Students brought out their various skills in different sports events. Champions were awarded prizes for their excellency in their events. Not only students, the parents and teachers also took part in different sports events and the best among them were honored.

I hope that we make all our students to excel in their academics and make them best athletes. The capacity to learn is a gift; the ability to learn is a skill; the willingness to learn is a choice.

Happy Learning!
