#### MENTOR'S MESSAGE

அன்பார்ந்த மாணவச் செல்வங்களே, விளையாட்டு ஆசிரியர் தரும் பயிற்சி விளையாட்டுத் திறனையும், ஓவிய ஆசிரியர் தரும் பயிற்சி உங்களின் கலைத்திறனையும் வளர்க்கிறது. அதுபோல ஆசிரியர்கள் கொடுக்கும் பயிற்சியைப் பயன்படுத்தி வெற்றிக் கனியை எட்டுபவனே சிறந்த சாமர்த்தியசாலி ஆகிறான். நீங்களும் நேர்வழியில் பயணித்தால் நிச்சயம் உங்கள் லட்சியத்தை அடைய முடியும். இலைகள் உதிர்வதால் மரங்கள் வாடுவதில்லை. தனக்குத் தேவையான புதிய இலைகளைத் தோற்றுவிக்கும். மாணவர்களாகிய நீங்கள் தோல்வி வந்தால் வாடாது புதிய இலக்கை நோக்கி பயணம் செய்ய வேண்டும்.

நீங்கள் பெரும் அனுபவங்களே உங்களை ஒரு சிறந்த மனிதனாக மாற்றும் வல்லமை பெற்றது. சோதனைகள் இல்லாமல் சாதனைகள் இல்லை என்பதை உணர வேண்டும். நாம் எப்போதும் மனித நேயத்தை மனதில் கொண்டு செயல்பட வேண்டும். அதுபோல துன்பத்தை தூரமாக வைத்து இன்பத்தை இதயத்தில் வைத்து நம்பிக்கையை நமக்குள் வைத்தால் எல்லாவற்றிலும் வெற்றி அடைய முடியும்.

நமது பள்ளியில் 05.10.2022 விஜயதசமி அன்று, பெற்றோர்கள் ஆர்வமுடன் குழந்தைகளை சேர்த்து, அவர்களை சரஸ்வதி தேவியின் முன் அமர வைத்து ஆசிரியர்கள் அரிசியில் 'அ' என எழுத வைத்தனர்.

நாம் எண்ணங்களால்

கட்டமைக்கப்படுகிறோம்

எதுவாக நினைக்கிறோமோ

அதுவாகவே மாறுகிறோம்

நம் எண்ணம் தூய்மை அடையும் போது தான்

மகிழ்ச்சியும் நிழலையும் போல

நம்மை விலகாமல் தொடர்ந்து வந்து கொண்டிருக்கும்.....!!

21.10.22 வெள்ளிக்கிழமை அன்று நமது மாணவர்கள் தீபாவளி பண்டிகையின் முக்கியத்துவத்தை கூறும் வகையில் கலை நிகழ்ச்சிகள் நடத்தினர். இதன் மூலம் மாணவர்கள் தீப ஒளி தமிழ் மாதமான ஜப்பசியில் தான் இந்த பண்டிகை கொண்டாடப்படுகிறது என்பதையும் ஏழைப் பணக்காரன் என்ற பாசுபாடு இல்லை என்பதனையும் இது வாழ்வைச் செம்மைப்படுத்தும் ஓர் நிகழ்வு என்பதனையும் தெரிந்து கொண்டனர்.

"யாம் அறிந்த மொழிகளிலே தமிழ்மொழி போல்

இனிதாவது எங்கும் காணோம்".

29.10.2022 சனிக்கிழமை அன்று "தமிழ்த்துறை விழா" கொண்டாடப்பட்டது. அதில் இலக்கியங்களின் முக்கியத்துவத்தையும் நாடகக்கலையையும், அதில் இலக்கியங்களின் முக்கியத்துவத்தையும் நாடகக்கலையையும், இதன் மூலம் மாணவர்கள் தமிழ் மொழியின் பெருமையை அறிந்து கொண்டனர்.

காப்பிய கதைகளையும் மாணவர்கள் காட்சிப்படுத்தியும் நடித்தும் காண்பித்தனர். இதன் மூலம் மாணவர்கள் தமிழ் மொழியின் பெருமையை அறிந்து கொண்டனர்.

## FIELD TRIP - CLASS III to V

**PLACE : METTUR DAM - SALEM**

**DATE : 01.10.2022**

The importance of Educational trip includes giving to the students a chance for building closer bonds with their classmates and enjoy a day away from the classroom. Getting away from everyday atmosphere of the classroom gives students an opportunity to spend time with each other.

Our school arranged a field trip for the classes 3, 4 and 5 on Saturday, 1<sup>st</sup> October 2022. In this trip 176 children, 9 teachers participated. We prepared for the trip with 4 buses, sufficient water containers, first aid kit, snacks etc.,

The students were taken to 1008 Sivalingam temple at Salem and Mettur Dam. The students boarded the bus at 7:00 a.m. and reached Sivan temple by 8:45 a.m. There all the children had their breakfast and visited the temple. They reached Mettur Dam at 2 p.m. and had a lot of fun playing in the park and seeing the architectural beauty of the dam.

## FIELD TRIP - CLASS VI to VIII

**PLACE : THANJAVUR AND KALLANAI**

**DATE : 03.10.2022**

**Objectives of the trip:-**

The students will be able to

- Explore the places.
- Know about the history of the temple.
- Get direct exposure by seeing and touching the art and architectures.
- Develop skills like observation, identification, application of skill in real life situations.
- Develop cooperation, tolerance, sharing of knowledge, etc.

**PLANNING THE TRIP:-**

In the staff meeting comprising the Principal and all the other teachers, the following places were selected for our school education cum exposure visit.

- Thanjavur
- Kallanai

Then the following sequence of activities were

done as a preparation

1. Permission application letter was sent to the office of Zonal RTO.
  2. A group discussion was conducted and the following points were discussed:
    - a. What is the purpose of the visit?
    - b. History of the temples – year of establishment, rulers who built the temples?
    - c. Connecting the concept of visit to the curriculum – (Historical importance of the temples, comparison between the construction style during the ancient and modern times)
    - d. Responsibilities were shared among the teachers (Bus arrangements, safety needs, food, refreshment)
- During the visit on 3<sup>rd</sup> October, 2022, we started our journey from Kongunadu Matric. Hr. Sec. School, Nallipalayam at 5:30 a.m. with 160 students along with 9 teachers under the guidance of our school Principal Mr. M.Divyanathan.
  - Students came with great enthusiasm. They had breakfast on the way to Thanjavur and reached Thanjavur at 10.30 a.m.
  - The history of the temple was briefly explained by the teachers. The teachers also explained about the art, architecture and specialty of the temple. Then, the students were allowed to explore the site with complete freedom on seeing every part of the temple, our students were very happy and enjoyed well.
  - The students boarded the bus at 12.30 p.m. and started our journey to Kallani.
  - They had their lunch on the way and reached Kallanai at 2.30 p.m.

## KALLANAI

- ◆ Kallanai is also known as the “Grand Anicut”. It is one of the oldest irrigation dams in the world built around 2000 years ago. It is the world's oldest dam which was built (in running water) across the Kaveri River in Trichy District in the state of Tamil Nadu in South India.
- ◆ The dam was originally constructed by the ‘Chola King Karikalan’ around the 2<sup>nd</sup> Century AD and is considered to be one of the oldest water-diversion or water-regulator structures in the world which is still in use.

## HISTORY OF KALLANAI

- ◆ The Kallanai was originally built by Karikala Chola around the second century AD (2000 years ago). The main idea behind constructing the dam was to divert the river water to the delta districts thereby boosting irrigation. The dam was then re-modeled by the British during the 19th century.
- ◆ In 1804, Captain Caldwell, a military engineer was appointed to make a study on the Kaveri river and promote irrigation for the delta region. The main reason to build the dam was to divert floods from the Kaveri branch of the river into the Kollidam branch “via a short connecting stream”. He proposed a solution and raised the dam stones to a height of 0.69 m, thus increasing the capacity of the dam.

- ♦ The Lower Anaicut was built by Sir Arthur Cotton in 19th century AD across Coleroon, the major tributary of Cauvery, it is said to be a replicated structure of Kallanai till now.

## CONSTRUCTION :

- The dam was constructed in an elegant way to see the dam from any point. The dam is about 329 m (1,079 ft) long, 20 m (66 ft) wide and 5.4 m (18ft) high. The Kaveri river splits into two at a point 20 miles (32 km) west of Kallanai. The two rivers form the island of Srirangam before joining at Kallanai.
- Our students had a careful catwalk over the Kallanai and enjoyed the breeze wind.
- The students boarded the bus at 5.00 p.m. and we have reached our school campus at 8.00 p.m.

## CONCLUSION

On the whole, the education-cum-exposure visit was an amazing and excellent experience for the students. We also had very different experiences. During the visit, they learnt skills like co-operation, tolerance and sharing (children helped their friends who suffered from travel sickness; while moving from one place to another place they ensured each other's presence without expecting the teachers' assistance, and they shared their snacks with each other). The teachers were satisfied that the children had achieved the prime objective of the visit.

## FIELD TRIP - CLASS IX to XII

**PLACE : BANGALORE – MYSORE**

**DATE : 14.10.2022 to 16.10.2022**

On October 13<sup>th</sup> the students started the journey to Bangalore and Mysore. Everyone was very much excited about the trip. It was an overnight journey, they reached Salem junction at 12 o'clock, boarded the train at 1:45 a.m. and reached Bangalore railway station at 8 a.m. Two vehicles were arranged for the boys and girls. They went to the hotel for refreshment. The restaurant facilities were good.

At the National Park, Bannerghatta

Bus Travel, Bangalore sight seeing

**Day : 1 (14.10.2022)**

### BANNERGHATTA NATIONAL PARK

The students visited the Bannerghatta National Park. They saw several animals such as lions, tigers, bears, different types of deer, elephants, bison and white tigers. They enjoyed the Bannerghatta National Park by watching the animals at a closer distance. It was really worth. Next, they went to VISHWESHWARAYA MUSEUM.

First, the students entered the dinosaur's room and saw a model of a dinosaur. It was roaring and moving its tail and neck. Then, they saw the model of a plane in the first floor similar to the one in which the Wright brothers made their first flight. That plane looked very light. The students played the piano in the air and it was amazing. There were two whispering disks, one student spoke at one disk and another student could hear it at other disk. It was really funny whispering and listening. Many satellites were displayed in the second floor.

Next, the students moved to ISKCON TEMPLE, BANGALORE. It was a memorable visit to the temple as this was really a great experience because of this massive architectural beauty, and its interior. It's not just a temple, but a different world with various religious, and spiritual activities. Central dome is extremely grand and beautifully designed.

At the Hotel, Bangalore

Then, the students visited the Botanical Garden Lal Bagh. Glass House was modeled on London's Crystal Palace and is used as a venue for horticultural shows. The students visited the place. HMT has installed a Flower Clock in Lal Bagh with the clock dial measuring 7 meters in diameter. After visting Lal Bagh, they had the dinner in the restaurant and stayed there.

**Day : 2 (15.10.2022)**

## **SRIRANGAPATNAM**

On the second day, the students started moving to Mysore.

At Tippu Sultan Prison, Srirangapatna

At Lal Bagh Glass house, Bangalore

Then the trip continued with a visit to Srirangapatna. First, they saw Tipusultan's jail and took photos there. Place of Martyrdom or The Obelisk - is the spot where Tippu Sultan breathed his last in the legendary battle of Srirangapatna against the British in 1799. After visiting Srirangapatna, they returned to the hotel for lunch. Then they started the travel to see Brindavan Garden. They spent more time there with a lot of enjoyment. Brindavan Gardens is at the bottom of the Krishnaraja Sagara Dam (KRS), across the river Cauvery. The garden

entices visitors with its lush green lawns, terraces, flower beds, topiary and multihued fountains. The highlight for visitors is the famed musical fountain which is a water ballet of sorts, with lights and music and is played every evening for the tourists. After the visit, the students had dinner and stayed in Mysore.

**Day : 3 (16.10.2022)**

## **CHAMUNDI HILLS**

After the breakfast, the students started moving to Chamundi hills. Then, they visited Philomena's Church. The architecture is stunning! Inside the church is the altar with a statue of the saint, and an idol of Christ. Atlast, they visited the world famous Mysore Palace. The beauty made us feel astounded. The artifacts,

paintings, architecture were just mesmerizing. The lighting seen at night was simply wonderful and it made us feel like being in heaven. They took photos and enjoyed a lot. While they were seeing the place, the rain started. Then they reached Mysore Railway station. While traveling in the train, the dinner was arranged. They reached Salem around 3.00 a.m and reached school by School Bus by 5.00 a.m.

## KINDERGARTEN TOYS DAY CELEBRATION

## தமிழ்த்துறை நாள் விழா

கடந்த 29.10.2022 அன்று நம் பள்ளி வளாகத்தில் தமிழ்த்துறை நாள் விழா மிக சிறப்பாகக் கொண்டாடப்பட்டது. முற்பகல் 11 மணி அளவில் மாணவ மாணவிகள் வரவேற்புரை கவிதைப் பாடி பள்ளி முதல்வர் அவர்களை சிறப்பு விருந்தினராக வரவேற்றனர். தமிழ்த்தாய் வேடமிட்ட மாணவி "வாழிய! வாழியவே!" என்று தமிழ் வாழ்த்துப் பாடலைப் பாடி விளக்கேற்றத்துடன் இனிதே தொடங்கியது.

தமிழ்த்துறை நாள் விழாவில் ஐம்பெருங்காப்பியங்கள், எட்டுத்தொகை, பத்துப்பாட்டு, பதினெண் கீழ்க்கணக்கு நூல்கள் பற்றியும் மாணவர்கள் கூறினர். சேர, சோழ, பாண்டியர் ஆகிய மூவேந்தர்களும் நம் கண் முன்னே தோன்றினர் போலவே ஒரு கணம் இருந்தது. முப்பாலையும் தன்னகத்தே கொண்ட திருக்குறளின் சிறப்புகளையும், திருவள்ளுவரின் சிறப்புகளையும் மாணவர்கள் கூறியது சிறப்பாக இருந்தது. சைவ, வைணவ கடவுளான சிவனையும், திருமாலையும் அவர்களுடைய அடியார்களாகிய நாயன்மார்களையும், ஆழ்வார்களையும் காட்சிப்படுத்திய விதம் மற்றும் 96 வகை சிற்றிலக்கியங்களையும் மாணவர்கள் கூறிய விதம் மிகவும் மகிழ்ச்சிகரமாக இருந்தது. அக்கால நாடக ஆசிரியர்கள் மற்றும் இக்கால நாடக ஆசிரியர்களை ஒப்பிட்டுக் காட்டினர்.

இசைக்கருவிகளின் பல்வேறு பரிணாமங்கள், பிற மொழிச் சொற்களுக்கு இணையான தமிழ் சொற்கள், கலைச்சொற்கள், ஒரெழுத்து ஒரு மொழிச் சொற்கள், பழந்தமிழரது வாழ்விடமான ஐந்திணைகள், தமிழரின் பண்பாட்டு அடையாளமான ஏறுதழுவுதல், தமிழர்களின் போர் முறையை விளக்கக்கூடிய புறத்திணைகளைக் காட்சிப்படுத்தியமை, தமிழரின் எழுத்து சீர்த்திருத்தம் என எண்ணிலடங்கா தமிழின் சிறப்புகளை மாணவர்கள் விளக்கினர்.

அதியமான் ஒளவையாருக்கு நெல்லிக்கனி வழங்கிய காட்சி, கண்ணகி பாண்டிய மன்னனிடம் குளுரைத்தக் காட்சி, பாரதியார், பாரதிதாசன், நாமக்கல் கவிஞர் என வேடமிட்டு வந்த குழந்தைகள் கூறிய கவிதைகள் அனைத்தும் வியக்கும் வகையில் அமைந்தது. இறுதியாக அனைத்தையும் கேட்டறிந்த பள்ளி முதல்வர் திரு.ம.திவ்யநாதன் அவர்கள் மாணவ மாணவியர்களை ஊக்குவிக்கும் விதமாக சிறப்புரை வழங்கினார். இவ்வாறாக தமிழ்த்துறை நாள் மிகவும் சிறப்பாக நடைபெற்றது.

# ISRO EXPO

At Mahendra Engineering College,  
Mallasamudram

The students of 9<sup>th</sup> to 12<sup>th</sup> std were taken to Indian Space Research Organization (ISRO) Expo on 19<sup>th</sup> October 2022 at Mahendra Educational Institution, Mallasamudram, Namakkal. First, we entered the place where the parts of rockets were placed. We gained the information about Vikas engine. Next, we saw PSLV and GSLV - Second stage and Cryogenic Engine. We saw Chandrayan 1 and Chandrayan 2 Engine. Chandrayan 1 was the first Lunar mission launched by ISRO in October 2008. We entered the next hall, there we saw videos about Mangalyaan, Gaganyaan, Cyclone monitoring, Weather forecast, Potential fishing zone

and Mars orbiter Mission. Mars orbiter Mission was the first interplanetary mission of ISRO.

**S. Sudharsna, X A**

On 19<sup>th</sup> October 2022, we went to visit an exhibition at Mahendra Educational Institution, Mallasamudram, Namakkal. It was an interesting visit. It gave a lot of information about the new technology and various scientific facts. We have learnt more and we saw the parts of Chandrayan - I and Chandrayan -II.

**N.D. Thanya Sri, IX A**

The students of 9<sup>th</sup> to 12<sup>th</sup> std arrived at Mahendra Educational Institution, Mallasamudram, Namakkal by 11 a.m. We were excited to see such a great Expo. The College volunteers welcomed and guided us. We were taken by our school staff. We took photograph near a model rocket with our school Correspondent. We saw a short film of 'ISRO's achievement. Then, we saw several satellite models, Rocket parts, Satellite parts etc. The college volunteers gave several information. It was a new experience for us.

**N.S. Nishihar, XI B**

There was an Expo conducted for 3 days (17th Oct - 19th Oct 2022) in Mahendra Educational Institution, Mallasamudram, Namakkal by Indian Space Research Organization (ISRO). More than 3,000 students visited and gained knowledge. There was a seminar conducted by scientists and experts. In this expo, there were Rocket models, Satellite's uses, Space science related Photos were exhibited. Then they showcased Chandrayan, Mangalyaan, Gaganyaan models. This was really a beautiful session for every student. They showcased four stages of PSLV Rocket model, Space suite and propellants used in Rocket. It was useful to study about Rockets, and Satellite.

**D. Kanika, XI B**

The main objective of this EXPO was scientific Space Exploration. We were able to gain knowledge about the Space applications. The ISRO is the Space Research Organisation of India. A lot of information about ISRO's major centers were displayed there. Some Satellite models were displayed. The Satellites of ISRO are useful for visionary programme such as smart cities and urban planning. Some engine models of ISRO launch vehicles were also displayed. The working principle and application of satellites and engines were clearly explained. This EXPO created a curiosity among the students to gain knowledge about space science. It made the students to realise the saying "We must be second to none in the application of advanced technologies to the real problems of man and society."

## INCLINE ACTIVITY

I am the change.  
Plastic causes serious damage to the environment during both its production and its disposal. To reduce the risks, plastic usage should be reduced. Plastics are non-biodegradable substances that take several years to decompose. Since, Plastic does not decompose, it is accumulating and causing environmental pollution. Our students put up a skit to bring awareness among the students.

## VIRTUES OF THE MONTH - OCTOBER

**Virtue of 1<sup>st</sup> week was Helpfulness:** Helpfulness is being of service to others, doing thoughtful deeds that make a difference in their lives. Offer your help without waiting to be asked. Ask for help when you need it. When we help each other, we get more done.

**Virtue of 2<sup>nd</sup> week was Zeal:** Zeal is what keeps one going when the going gets tough. It gives an extra push to keep fighting for what one wants, even when things aren't going well. In the face of great challenges or opposition, one must not give up.

**Virtue of 3<sup>rd</sup> week was Mercy:** Mercy is the virtue of forgiveness. It is the decision to stop hating and to renounce vengeance. Mercy does not nullify the evil, and it does not give up the fight against evil.

**Virtue of 4<sup>th</sup> week was Courtesy:** Courtesy helps kids develop friendships and gain the respect of their parents, siblings, teachers and peers. By learning to be polite at a young age, kids are armed with social skills that will benefit them for years to come.
