MENTOR'S MESSAGE

The sole meaning of life is to serve humanity.

-Leo Tolstoy.

Humanity refers to caring for and helping others whenever and wherever possible. It means helping others at times when they need that help the most. It is important as it helps us forget our selfish interests at times when others need our help. Our dignity lies not in the prestige and fame, but in our humanity and spiritual essence. Humanity is what keeps us alive. It shows our love for fellow human beings. There are all kinds of people on earth, good or bad but we should never lose our hope in humanity.

All of us are capable of showing humanity. It can be through acknowledging that human beings are equal, regardless of gender, sex, skin colour or anything. We all must have genuine empathy and show gratitude to each other and express respect and humility.

PLEDGE

Mathematics is my world. All maths problems are my friends and relatives. I love my maths and I am proud of its speed and accuracy. I shall always try to solve all the problems. I shall do all sums with happiness and treat every problem with respect. I shall mind all the chapters

To my maths and my teachers I pledge my devotion. In solving the sums and finding the answers alone lies my happiness
