Mentor's Message

I want to discuss the value of academic integrity. The first thing is a person who is determined has a firmness of purpose and resolve to achieve a goal. It is a fixed intention or resolution to overcome obstacles.

Possibilities are more for a determined person to achieve the goal. Of course, there are some things judged out of our reach.

Persevering at a task is the key to success, without the will-power to get started and keep going when things get tough you won't get very far.

It makes us march fearlessly ahead with faith until we achieve our goal. People that are highly determined take steps to establish goals for themselves.

OZONE DAY

World ozone day is celebrated on 16 September every year. This day has been celebrated since 1994 and it is established by the united Nations Generally Assembly. We all know ozone saves earth from the Sun's harmful UV rays.

Without an ozone layer, harmful rays of the Sun can reach the earth and harm us. Ozone is made up of three atoms of oxygen and is present in stratosphere.

- Praneeth P, VI A

The ozone layer, a fragile shield of gas, protects the earth from the harmful portion of the rays of the sun, this helps to preserve life on the planet. *The phase out of controlled uses of ozone* depleting substances and the related reductions have not only helped protect the ozone layer for this and future generations, but have also contributed significantly to global efforts to address climate change. Further more, it has protected human health and ecosystems by limiting the harmful ultraviolet radiation from reaching the earth. The parties of the Montreal protocol on substances that deplete the ozone layer reached agreement on their 28th meeting of the parties on 15 October 2016 in kaigali rivanda to phase - down hydrochlorocarbons (HFC s) limiting the rise in global temperature to 15 degrees celsius is still possible, if we immediately and drastically accelerate climate action.

- Vikashini V.V, IV - B

- Karnekaa shree R, IV B

World Heart Day is intended to increase public awareness of cardiovascular diseases, including their prevention and their global impact. Antoni Bayes de luna is the father of world heart day. World heart day is a Global Multi lingual celebration. World heart day is an opportunity for everyone to stop and consider how best to use heart for humanity, for nature and for you. The heart is the only organ you can hear and feel. Use heart means to think differently.

MENTOR'S MESSAGE

அழகு என்பது காணும் பொருளில் இல்லை. அது காண்பவரின் கண்களில் உள்ளது. காண்பவனற்றை ரசிக்கத் தெரிந்த மனதில் உள்ளது. இந்த உலகம் அழகானது, மிக அழகானது காற்றும், கடலும், வானும், மழையும் என்றென்றும் அழகு. ஆம் இந்த உலகம் மனிதனுக்கு மட்டுமல்லாமல் எல்லா உயிரினங்களுக்கும் சொந்தமானது. இந்த உலகத்தில் உள்ள உயிருள்ள உயிரற்ற பொருட்கள் அனைத்துமே அழகுதான். எனவே நாம் இந்த அழகை ரசிப்பதோடு நின்று விடாமல் போற்றிப் பாதுகாக்க வேண்டும்.

எதிர்கால சந்ததிக்கு அதன் அழகு சிதையாமல் விட்டுச் செல்ல வேண்டும். பூமியின் மடியில் வாழும் வாழ்வு அழகு. இன்ப துன்பங்களை பகிர்ந்து வாழ்வது மிக அழகு. அதுவே என்றென்றும் நிலைத்திருக்கும் பேரழகு அதில் உயிர்த்திருக்கும் உலகு.
