#### Mentor's Message

Dear Readers,

As you turn the pages of this magazine, you will encounter a wealth of information dedicated to the academic achievements of our students and the management. In this issue, I want to shift our focus to the cornerstone of a well-rounded education known as "character-formation".

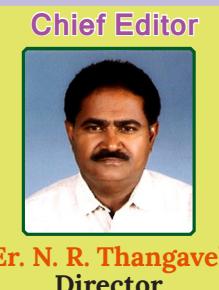

Character is not built overnight. It is a continuous process, nurtured through every day experiences and the good values we instill. At this juncture, I would firmly believe that character formation is a basic element of any educative

process. It helps any individuals to develop their life scoping skills, such as honesty, perseverance and responsible.

By working together, we can ensure that our students develop not only intellectual caliber but also the ethical values to thrive in life. Therefore, let us make character-formation a top priority in all our educative process.

கொங்குநாடு இது எங்கள் கொங்குநாடு! கூடி மகிழ்ந்து குழந்தைகள் வாழும் வீடு இறைவன் இருக்கட்டும் எம்மோடு வெற்றிகள் தொடர்ட்டும் விண்ணோடு!

பூக்களின் இதழில் புன்னகையாய் பூத்திடும் நிலவின் வெள்ளொளியாய் தாய்த்தமிழ் மொழியின் செம்மையுமாய் தரணியை ஆளும் வல்லமையாய்!

இன்றே பிறந்திடுவோம் இனியொருமுறை இன்னல்கள் எல்லாம் கடந்திடுவோம் காற்றினில் மெலிதாய் பறந்திடுவோம் வாழ்வினில் எளிதாய் வென்றிடுவோம்!

கொங்கு நாடு.....

இயற்கை இங்கே இளைப்பாறும் இனிய காற்றைப் பரிமாறும்

கலைகள் எல்லாம் கைவரும் - எங்கள் கனவுகள் இங்கே நிறைவேறும்!

வேண்டும் - நன்மதி பெற்றிட வேண்டும் யாவரும் நல்லவராகிட வேண்டும் நட்பொன்று வேண்டும் - அதுவும் நலமாகிட வேண்டும்!

வேண்டா தலை விலகிட வேண்டும் நாம் விரும்பி னாலும் - அவை தொடராமலிருக்க வேண்டும் வளர்ந்திருப்போம் வானம் மட்டும்! வழிகாட்ட சான்றோர் கூட்டம்!

## Correspondent's Address

Correspondent Sir addressed the teacher to motivate them for the academic year. The teachers have to use different teaching methods apart from the textbook with more classroom activities. Parental responsibility is also important. Teachers-parent communication regarding student performance should be discussed. It is important for students to receive appreciation every day. If any drawbacks or faults are found, the teachers can inform the parents and help them by correcting their mistakes. We provide additional support to improve 10<sup>th</sup> and 12<sup>th</sup> students' results with high-quality students from our school. Teachers must find out the students' interest and provide support to help them improve. We can modernize education at the lower grade levels.

## Principal's Address

In his address, the Principal shared the following points,

We introduced read theory, grammar, pronunciation, and Sudoku to improve staff performance. We have introduced THT – Teachers Helping Teachers for gradual evolution. ## IMPORTANT DAYS TO REMEMBER...

### NATIONAL DOCTOR'S DAY

The National Doctor's Day is celebrated on July 1st in India each year to honour doctors. On this day people can express their gratitude and appreciation to doctors for their hard work dedication and compassion.

"The presence of the doctor is beginning of the cure".

On 4 May 2023 the Indian government declared it a national to honour the contributions of doctors to society.

"Medicines can cure diseases but only doctors can cure patients."

Mrs. G. Anbuselvi., M.Sc., M.Phil., B.Ed.,  
Department of Science

 **THANK YOU**  
For Saving Lives! 

# INTERNATIONAL PLASTIC BAG FREE DAY

International Plastic Bag Free Day is celebrated on July 3 every year. This special day aims to raise awareness about the harmful effects of plastic bags on our environment. It encourages people to stop using plastic bags and find eco-friendly alternatives.

Plastic bags are a major contributor to environmental pollution and pose various environmental and health hazards. If it ends up in water bodies, it causes harm to marine life.

It is sad to know that a plastic bag takes 1,000 years to disintegrate in a landfill, despite the fact that collective efforts over the past 10 years have drastically decreased the impact thus far.

Let me complete this by a few quotes.

- \* If you are 'fantastic' Then Do Something 'drastic' To Cut The 'plastic', Use 'paper Bags'
- \* Plastics give a helping hand, but they are polluting our land!
- \* Reduce, Refuse, Reuse, Recycle Plastic Bags, instead, Renew, Reuse, And Recycle Paper Bags.

Mrs. P. Nathiya., M.Sc., B.Ed.,  
Department of Maths

## VAN MAHOTSAV

"This is to be said to everyone, trees are the jewel of the earth. Let us together plant trees and keep the environment clean."

In India, Van Mahotsav is celebrated every year in the first week of July for the purpose of environmental protection. It is a great festival of trees. It was started in 1950 by Dr. Shri Kanhaiyalal Munshi, the Agriculture Minister of India. The primary goal of the Van Mahotsav is to increase awareness about the importance of trees. Every year from July 1 to July 7, lakhs of saplings are planted across the country. It is very difficult to describe its importance with just words.

If there are no trees, there is no air, trees fulfill many of our needs. Planting trees is necessary to control nature and maintain vitality. To safeguard our future, we should also pay attention to the prevention of cutting trees, that is why it is said in all the Vedas and Puranas that one tree is equal to 10 sons. Trees and plants are more important for human life. Trees and plants give us oxygen, which makes human life possible. So readers, make the earth green because where there is greenery there is happiness, so today on this auspicious day of Van Mahotsav, bring greenery to the earth by planting trees and fill your life with happiness.

Mrs. S. Kamaxi., M.A., D.E.Ed., B.Ed.,  
Department of Hindi

# WORLD NATURE CONSERVATION DAY

Every year on July 28th, World Nature Conservation Day is celebrated and acknowledged that the foundation for a healthy society is a healthy environment. It's also a day to increase awareness about the importance of protecting our natural resources.

The main purpose of celebrating this day is to create awareness among people about the importance of the natural environment and its resources. Nature plays an essential role in supporting life on Earth, besides maintaining overall balance of the planet.

In conclusion, every little bit helps. By taking action to protect nature, people can help to ensure a healthy future for themselves and for generations to come.

Mrs. P. Kavika., B.A.,  
Department of English

Discipline is defined as the practice of training oneself to obey rules or to be systematic in control and it is reflected in a person's actions. It is most important for children to learn discipline. Parents play an important role in helping children learn self-control and self-discipline as it will help them to resist temptations and tolerate the discomforts needed to achieve goals in their lives.

In schools, the principal and the teaching staff play an important role in applying discipline. It is important for the students to be disciplined in school premises which include doing small acts like WEARING CLEAN CLOTHES, RESPECTING ELDERS, and COMPLETING THE ASSIGNMENTS REGULARLY, etc.

Students who have been disciplined in their lives from an early age will be always organized which in turn will help them to succeed in life. To conclude, I would like to say that it is important for students to be SELF-DISCIPLINED in life.

# IMPORTANTS DAYS TO REMEMBER...

## INTERNATIONAL YOUTH DAY

International Youth Day is observed on August 12 each year to acknowledge the contributions of young people in improving global society. This day also aims to encourage their active participation in making positive impacts within their communities. Youth represents a period of joy and growth, playing a crucial role in societal development. Young individuals possess the potential to drive social reforms and enhance community well-being. It is imperative for the youth to embrace responsibility and reject drug use. Furthermore, youth employment has the potential to alleviate poverty within nations. Each year, the theme of International Youth Day shifts to highlight various facets of youth development and empowerment; for 2023, the theme is 'Green Skills for Youth,' emphasizing the importance of a sustainable future. The United Nations has remarked, "Today, the world is embarking on a green transition."

## உலக புகைப்பட தினம்- ஆகஸ்ட் 19

உலக புகைப்பட தினம் ஆண்டுதோறும் ஆகஸ்ட் 19 அன்று கொண்டாடப்படுகிறது. கடந்த 1826 ஆம் ஆண்டு பிரான்ஸ் நாட்டைச் சேர்ந்த ஜோசப் நெல் போர் நீப்ஸ் என்பவரால் முதல் நிலையான நவீன புகைப்படம் எடுக்கப்பட்டது. இந்த புகைப்படம் நாளைவில் அழிந்தது. இதற்குப் பின் 1839 ஆம் ஆண்டு ஹாயிஸ்டாகுரே பாரிஸில் உள்ள போல் வேர்ட் கோயில் தெருவைப் புகைப்படமாக எடுத்தார். இப்புகைப்படமே தனிநபர் எடுத்த முதல் புகைப்படம் ஆகும்.

புகைப்படம் எடுத்தல் என்பது வயது, கலாச்சாரம் மற்றும் மொழியின் தடைகளைத் தாண்டிய ஒரு உலகளாவிய மொழியாக அறியப்படுகிறது. இது படைப்பாற்றல் மற்றும் கவனிப்புத் திறன்களை மேம்படுத்துவதற்கான ஒரு வழியாகும்.

நிலவில் இறங்குவது, விளையாட்டில் வெற்றியின் மகிழ்ச்சி, இயற்கையின் அழகு போன்ற இனிமையான நிகழ்வுகளின் படங்களை நினைத்துப் பாருங்கள் மனதில் மகிழ்ச்சி பொங்கும்.

புகைப்படம் எடுத்தல் பல தொழில் வாய்ப்புகளை ஏற்படுத்துகிறது. உங்களின் கேமராக்களை எடுத்து உங்கள் சுற்றுப்புறங்களை ஆராய்ந்து நீங்கள் பார்க்கும் உலகத்தை அழகாக படம் பிடிக்கத் தொடங்குங்கள்.

## WOMEN'S EQUALITY DAY – 26 AUGUST

Women's Equality Day, celebrated on August 26th, recognizes the significant milestone of 1920 when women's voting rights were enshrined in the U.S. Constitution, representing a crucial advancement in the pursuit of gender equality. This day pays tribute to the 72-year battle for civil rights that challenged the prevailing notions of female inferiority. Throughout the last century, influential women such as Rosa Parks, Marie Curie, and Jane Goodall have demonstrated their remarkable abilities and contributions. In contemporary times, the emphasis has broadened beyond the right to vote, with various organizations actively addressing issues of violence, discrimination, and societal stereotypes. Observing this day can involve exploring women's historical contributions, encouraging voter registration, and advocating for gender equality in professional environments.
